A FIENDISH PLOT.

Burlington Property to Have Been Destroyed.

CHICAGO, July 5th.—Thomas T. Broderick and J. Bowles, members of the Brotherhood of Locomotive Engineers, and a man named Wilson were arrested on the C. & N. W. train, near Aurora, this afternoon. They had dynamite in their possession, and are charged with conspiracy to destroy the railroad company's property. They are in the county jail each under a bond of \$5,000. It is stated that the Burlington Company has had a large force of detectives for some time watching the movements of the strikers. It was discovered that dynamite was used in several unsuccessful attempts to wreck trains within the past month.

THE ALLEGED PLOT.

The officials of the road state to-night that positive information was received that to-day was the day chosen for a grand attack upon the company's property. The officials are reticent regarding their sources of information, but the plot is known to them, and they admit that, besides the definite plan to blow up trains upon the tracks by means of dynamite cartridges, it included the probabilities of an attack upon the depot property and the magnificent office buildings here. The officials say that had the danger not been so imminent, they would have allowed the conspirators to go on and criminate themselves further, but the plot had reached a stage where it was necessary to take decisive steps to prevent great destruction of property, not to say loss of life.

SILVER ORE.

Not Considered Marketable as Lead Ore Under the Existing Law.

WASHINGTON, July 5.—Senator Stewart's resolution of inquiry as to the duty on lead ore has been replied to by the Judiciary Committee, and the report was submitted to the Senate to-day. Assistant Secretary Maynard says: "The only practicable means of the classification of ore is by ascertaining the preponderating metallurgical value of silver metal, and it would be a safe rule to reckon the value of silver at 85 per cent. of its assay value, and the value of lead and copper at 50 per cent. Applying the above mode for estimating metallurgical values, the ores in question should be classified as silver ores." The committee reports that the real question of practical importance arises in regard to ores that are stated by the Treasury Department to have been for a long time known as silver ores or gold ores. In the case of ores of this kind, although they contain more lead in weight than either gold or silver, they are more valuable than lead. In respect to the lead they contain, the committee is of the opinion that such ores are not marketable as lead ores under the existing law.

N. A. Hummel has completed and is publishing under the auspices of the Nevada Educational Association, a history of Washoe county and its resources. The publication is intended for free distribution on the Pacific Coast and in the East. The pamphlet is now in press.

A bill was introduced in the Senate Thursday to pay Dr. D. W. Bliss, who was one of the attending physicians to President Garfield, the sum of \$10,207.99, being the unexpended balance of the amount appropriated by Congress for the expenses of Garfield's sickness.

The London Daily News predicts that Cleveland will find in Harrison a much more formidable antagonist than the English have been led to believe.

About one hundred Nevada teachers will attend the convention of the National Educational Association, which meets in San Francisco July 17.

Levi P. Morton was officially notified of his nomination for the Vice Presidency by the National Republican Convention Friday.

The Genoa Courier has a new dress. The newspapers of Nevada are all changing their clothes.

Syrup of Figs
Is Nature's own true laxative. It is the most easily taken, and the most effective remedy known to cleanse the system when Bilious or Costive; to dislodge Headaches, Cold and Fevers; to Cure Habitual Constipation, Indigestion, Piles, etc. Manufactured only by the California Fig Syrup Company, San Francisco, Cal. Sold by Wm. Finiger, Reno.

An Explanation.
What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to-day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

Advice to Mothers.
Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21-aw (1)

A BEAUTIFUL SEAL SKIN CLOAK—is a becoming garment to a lady. If she has an elastic step, an air of grace and modesty, and the glow of health on her cheek, she will always command admiration. Without these no woman can appear to advantage. With sickly countenance, painful gait, and halting air she is an object of pity. How many American women daily drag out a wretched existence, ignorant of the blessing of perfect health! All her weaknesses can be cured by Dr. Pierce's Favorite Prescription, the great specific for prolapsus, leucorrhea, migration and unnatural discharges. The only medicine sold by druggists, under a positive guarantee of giving satisfaction, or money refunded. Read guarantee printed on its wrapper. Dr. Pierce's Pills, or Anti-Bilious Granules, in vials, 25 cents; one a dose.

When Baby was sick,
We gave her Castoria.
When she was a Child,
She cried for Castoria.
When she became Miss,
She clung to Castoria.
When she had Children,
She gave them Castoria.

PLATFORM AND SOLUTIONS. The Republicans of the State of Nevada in convention assembled again express their loyalty to the principles of the Republican party, which have made the country so great and prosperous during the last quarter of a century. Resolved, That the question of a sufficient supply of a circulating medium to maintain a permanent range of the price of labor and property is the most important political question awaiting solution by the American people. Resolved, That a diminishing quantity of money reduces the price of labor and property, increases the obligation of contract, enriches the creditor, impoverishes the debtor, and paralyzes industry and enterprise. A solved, That the present financial system of the United States, which increases or diminishes the circulating medium at the pleasure of the manipulators of the National bank, without regard to the increase of population or the wants of the people, and which recognizes gold alone as the standard of value, and places in the hands of the Treasury Department all the revenue of the Government to speculate with in bonds and loan to National banks without interest, is subversive of the rights of the people, oppressive, unjust, and should be repudiated. Resolved, That a national policy whereby both gold and silver shall form the basis of circulation, whether the money used by the people be coin, or in certificates redeemable in coin, or both, as convenience may require, is imperatively demanded. Resolved, That the attempt to substitute National bank notes, as the Government cannot honor dollars annually, for free silver, costing nothing to produce, upon the people, and the money ring or trust, which has usurped the sovereign power of the Government to issue money, and which has fraudulently demonstrated silver and seized the revenues of the Government for private speculation, shocks the moral sense of the people and destroys respect for Government and law. We demand that this ring or trust be destroyed and equal rights restored to all people. Resolved, That we charge that President Cleveland is the willing tool or agent of a powerful money ring which fattens the subsidies of the Government, makes war on silver, issues its paper currency at the expense of the Government, borrows the revenues raised by taxation, and uses them without the payment of interest, contracts the currency to enhance the value of bonds, and enriches the usurers while it depresses the price of labor and property. Resolved, That we favor the nomination of no man for President who is personally interested in National banks or takes subsidies on the part of the United States, but we demand a candidate who is free to do justice to all the people of the country—the poor as well as the rich. Resolved, That the trickery of the President and his advisers by which they prevented a vote in the House of Representatives on the issue of the United States to the bond purchasing bill, equals the villainy of the secret and fraudulent demonetization of silver in 1873. II. Resolved, That we are in favor of the protection of home industry, and that the laborers of this country have a right to all the work required to supply the people of the United States, and that we are in favor of high wages in this country, and to that end will protect the wage workers competition with the cheap labor of other lands. Resolved, That the policy of the Government should be inaugurated and established by the people through their representatives in both Houses of Congress, and not by the President or the money trust, of which he, either as agent or head, is most active in defending. III. Resolved, That we charge President Cleveland with violating every promise he made in favor of civil service reform, with crippling the mail services, with refusing to sign necessary bills for the improvement of rivers and harbors, with using the power of his Administration to prevent appropriations for a navy and coast defense, with attempting to destroy the protective tariff, with courting the good will of other nations at the expense of the citizens of the United States, and with joining the foreign bondholders in their dishonest and destructive industries of our country, and for the reduction of wages of the Mint employees at Carson for closing the Carson Mint when it was not only self-sustaining but a source of revenue to the Government, for its contemptuous veto of pension bills for the relief of disabled soldiers and sailors, and for failing to construct the Government building at Carson as required. IV. We are in favor of the absolute exclusion of Chinese, and the restriction of immigration, by which the present overpopulation, and the labor market is made worse, and also favor legislation by which a revision of our naturalization and land laws may be accomplished. V. We demand, in behalf of our various industries, the retention of the duties on lead, borax, soda, hides and leather, and to restore the tariff of 1891 on wool. VI. Resolved, That we recognize the right of labor to organize for its lawful protection. VII. Resolved, That we favor the submission by the Legislature to the people of an amendment to the Constitution giving the Legislature the power to regulate the liquor traffic. VIII. We favor liberal appropriations by Congress for hydrographical and topographical surveys in this State to the end that the water courses may be preserved for the purpose of irrigation. IX. We endorse the wise and conservative administration of Governor O. C. Stevenson, and we heartily commend the able efforts of Senators Stewart and Jones and Representative Woodburn in behalf of the interests of the people of this State. X. We favor the granting to Nevada of all Government land within the State for the purpose of providing means for irrigation and other improvements. XI. We favor the reduction of the Treasury surplus by the payment of pensions to Union soldiers, their widows and orphans, the improvement of rivers and harbors, the building of defenses for our sea-coasts, the erection of public buildings, the construction of a navy, the reclamation of lands, and the repeal of the internal revenue laws taxing tobacco. XII. It is the duty of the State to maintain free non-sectarian schools in the rural and sparsely settled sections, as well as in towns and thickly settled sections, and that such a division of the school money should be made as will furnish the means of education to all children in the State. XIII. We are in favor of re-opening the Carson Mint for coinage, and raising the wages of its employees to the standard paid by the last Republican Administration. XIV. We demand the restoration of the mail service in this State to the efficiency maintained by the last Republican Administration, and favor the payment of fair wages to all postal employees.
